

TOMÁS TABORDA

ENGINEERING STUDENT

www.tomastaborda.com

I am a student and recently completed my Bachelor's degree in Telecommunications and Informatics Engineering at Instituto Superior Técnico. I am currently pursuing a Master's in Computer Engineering. I have experience with various programming languages. Although I don't yet have professional experience in my field, I am eager to learn, improve, and help those in need. I consider myself a charismatic and curious person, and I give my best effort to accomplish any task assigned to me. I am persistent, resilient, and always strive to be the best version of myself. Like everyone, I have flaws, but I work every day to improve and become a better person.

VOLUNTEERING EXPERIENCE

Instituto Superior Técnico's Student Support

Member • Oct 2022 – Current

- *For three straight years, I was a mentor of many groups of first year students of the Instituto Superior Técnico's Mentoring Program. My job was to help them be introduced to Técnico and help them throughout their first year. It's very educating teaching and helping them, because at one point I was just like them, so I want to help them as much as possible.*
